

QUALITY POLICY STATEMENT

MTI is a customer orientated company that aims to deliver Engineering Excellence, World Class Manufacturing, Proud Employees and Customers. MTI Welding Technologies Ltd.'s aims and objectives are to operate practices and procedures, which ensure that these requirements are achieved through the following indicators. Cannot miss dates, zero defects at pre-customer run off and supported accountability.

Responsibility for these practices and procedures rests with the Managing Director. The Company ensures that the practices and procedures, which are incorporated into the company's documentation systems and which are established and through the Quality Management System, are maintained and continually reviewed.

The Company is committed to ensuring the continual improvement of the effectiveness of the Quality Management System which is in line with its registration to BS EN ISO 9001 and EN 9100, the promotion of a culture of continual improvement throughout the company and endeavors to achieve total customer satisfaction through the quality of its service.

In addition, MTI Welding Technologies Ltd recognizes its obligations, legal and moral, to adopt and follow safe working practices.

Further, the Company recognizes that its organizational goals and the expectations and needs of its customers may vary from time to time and will therefore review its policy on quality at regular intervals to ensure its continual suitability.
